

## **NATURE WALK PERMISSION AND RELEASE FORM**

Town & Country Nursery School believes in exposing our children to nature and educating them about the natural world. In addition to our playground activities, our teachers lead classroom walks onto the parkland trails that surround our playground to allow them to discover and acquaint them with the plants and natural specimens near us. The flora and fauna that are found and observed are incorporated into our curriculum. This experience establishes a concrete learning experience which helps to provide a beginning understanding and respect for the natural world around us. No special clothing is required for these walks.

In order for your child to be taken on these nature walks, we need parental permission. Please indicate your preference below with a check on the appropriate line and return to our office:
